U.S. MILITARY BRANCHES

A R M Y

The Army defends the land mass of the U.S., its territories, commonwealths, and possessions. It does so through providing forces and capabilities for sustained combat and stability operations on land. The Army also provides logistics and support to other branches. The Army is the largest and oldest branch of the military.

N A V Y

The Navy maintains, trains, and equips combat-ready maritime forces capable of winning wars, deterring aggression, and maintaining freedom of the seas. The Navy is America's forward deployed force and is a major deterrent to aggression around the world.

M A R I N E C O R P S

The Marine Corps maintains ready expeditionary forces, sea-based and integrated air-ground units for contingency and combat operations, and the means to stabilize or contain international disturbance. The Marine Corps is an immediate response force that can be used to overwhelm the enemy.

A I R F O R C E

The Air Force provides a rapid, flexible, and when necessary, lethal air and space capability that can deliver forces anywhere in the world in less than forty-eight hours. It routinely participates in peacekeeping, humanitarian, and aeromedical evacuation missions. Air Force crews annually fly missions into all but five nations of the world.

C O A S T G U A R D

The Coast Guard provides law and maritime safety enforcement, marine and environmental protection, and military naval support. Activities can include patrolling our shores, performing emergency rescue operations, containing and cleaning up oil spills, and keeping illegal drugs from entering American communities.

MILITARY IN NORTH DAKOTA

Military forces in North Dakota include all three components; National Guard, Active Duty, and Reserve Forces.

The North Dakota Army National Guard and North Dakota Air National Guard have both state and federal missions. The Governor may activate the National Guard in order to preserve peace and public safety, as well as respond to natural or man-made emergencies such as flooding, tornadoes, or blizzards. These missions provide protection to both lives and property. The National Guard may also be ordered to federal active duty in support of their respective service branches, the U.S. Army and U.S. Air Force.

North Dakota also has two active duty air force bases; Minot Air Force Base and Grand Forks Air Force Base. Minot Air Force Base is home to the 5th Bomb Wing with its squadron of B-52H Stratofortress bombers and the 91st Space Wing with its fleet of Minuteman III Intercontinental Ballistic Missiles. Grand Forks Air Force Base is home to the 319th Air Base Wing, which guarantees global reach and engagement for the United States and its allies through robust air refueling and airlift capabilities.

Reserve component forces residing in North Dakota include the U.S. Army Reserve, U.S. Navy Reserve, U.S. Marine Corps Reserve and U.S. Air Force Reserve. The reserve forces are subject to federal active duty by their respective active duty components.

COMMON TERMS & LINGO

As with any large organization, the military has its own set of common terms and lingo. Here are some selected terms, acronyms, phrases, and slang terms that may be helpful to know when working with service members, veterans, and their families.

Members of the Military are Referred to Differently Depending Upon Their Specific Service Component

Soldiers: Members of the Army

Military rank is more than just who salutes whom; it is a badge of leadership. As each rank increases, so does responsibility for personnel, equipment, and mission. The "E" stands for "enlisted," the "W" stands for "warrant officer," and the "O" stands for "commissioned officer." The corresponding number next to each letter indicates the pay grade for that position.
