- (a) A licensee under this chapter shall enjoy a defeasible property right in the license. It is defeasible in the sense that it may be revoked by the city "for cause" without compensation to the licensee as provided in section 5-32 of this Code. Subject to that reservation of rights in the city, the licensee may sell, pledge, grant or retain a security interest in, give away in a will, or otherwise deal with the license.
- (b) No transaction affecting a license, including a transfer (whether full or partial), lease, grant or retention of a security interest, or other change in its status, operation, or form (hereafter a "license amendment"), is binding on the city until application for the license amendment has been filed by the licensee or other interested person with the city clerk and approved by the city council. However, as provided hereafter, the chief of police has the power to approve a license amendment for a temporary period of time, and if the chief does so it has the same force and effect as an approval by the city council during such temporary period of time.
- (c) Before being submitted to the city council for its decision thereon, a license amendment application shall be forwarded to the chief of police for such investigation and such recommendation to the council concerning its merits as the chief believes is warranted or advisable under the circumstances. Moreover, if the license amendment application relates to the physical characteristics of the licensed premises it shall likewise be forwarded to the building official for the same purpose.
- (d) The chief of police shall have the authority to approve a license amendment application for a period of time not to exceed forty (40) consecutive days upon a showing satisfactory to the chief of pressing

However, the chief or the council itself may revoke or suspend provisional approval given under this subsection, provided that reasonable notice of such contemplated action is first provided to the affected party or parties.

- (e) In the absence of provisional or final approval of a transfer as provided for in subsections (b) and (d), no person other than the named licensee may rely on the grant of the license as a defense to prosecution or a civil action brought under this chapter or otherwise provided in law for an offense or cause of action involving the sale of alcoholic beverages without a license.
- (f) No license amendment application may be acted upon until the applicant has paid a non-refundable application-review fee of two hundred fifty dollars (\$250.00).

(Ord. No. 4970, § 1)

Sec. 5-32. - Suspension or revocation of a license.

- (a) The committee of the whole shall have the power to suspend or revoke any license issued under the authority of this chapter for any of the following reasons:
  - (1) The licensee violates the laws of this state or of any of the provisions of this chapter.
  - (2) The licensee willfully makes a false statement or a misrepresentation as to a material fact in the application for the issuance or transfer of the license.
  - (3) The licensee knowingly permits the occurrence of a pattern or practice of disorderly or immoral acts upon the licensed premises.
  - (4) The licensee does not conduct the activity for which the license was issued at the licensed premises for a period of twenty-four (24) consecutive months.
  - (5) The licensee or its manager or both no longer meet the requirements of section 5-18 for the issuance of the license.
  - (6) The licensee does not hold a necessary permit or license issued by another governmental entity, which license or permit is required by that governmental entity as a precondition to the carrying on by the licensee of the activity authorized by the City of Minot license.
- (b) No license shall be suspended or revoked without providing the licensee with notice and an opportunity for hearing before the committee of the whole with regard to the suspension or revocation of the license. The city clerk shall provide the licensee with written notice of the date, time, and place of the hearing. The notice shall inform the licensee that its license may be suspended or revoked and it shall set forth the factual allegations which form the basis for doing so under this section. The city clerk may provide notice by mailing a copy thereof to the licensee's last known address as indicated in the licensee's most recent application filed with the clerk under this chapter. The notice must be mailed at least five (5) days prior to the hearing, exclusive of the date of mailing and date of the hearing.
- (c) If the licensee does not appear at the hearing provided for in subsection (b), or if he does not dispute them, the factual allegations in the complaint shall be deemed to be admitted. Otherwise the city shall have the burden of going forward with the evidence and the burden of persuasion as to any disputed issues of fact.
- (d) If the licensee requests that the originally scheduled hearing date be continued the committee of the whole shall grant a continuance to a time mutually convenient to the licensee and the council, but the committee shall have the discretion to suspend the license from the date for which the hearing was originally scheduled to the date of the continued hearing.

- (e) The decision of the committee of the whole shall be final for purposes of the legal doctrine which requires the exhaustion of administrative remedies as a prerequisite for judicial review, and there shall be no right of appeal from the decision of the committee to the city council as a whole.

(Ord. No. 4970, § 1; Ord. No. 5132, § 5)

Sec. 5-33. - No refund of fee when license is revoked.

When a license issued pursuant to this article is terminated or revoked for cause, the licensee or those claiming under him, shall not be entitled to any return of any portion of the license fee previously paid to the city.

(Ord. No. 4970, § 1)

Sec. 5-34. - No license to be issued until five years after revocation.

Where a license for any premises licensed pursuant to this article has been revoked, no license shall thereafter [be] issued to the licensee for a period of five (5) years after revocation.

(Ord. No. 4970, § 1)

Sec. 5-35. - Exceptions to the limitations as to the number of licenses.

- (a) If because of a growth in the population of the city or because of the revocation or voluntary surrender of a license, or because any of the numerical limitation formulas under section 5-16 are amended, there becomes available for issuance a license under the authority of this chapter, and if it appears to the city council that it is reasonably likely that more than one (1) person might be interested in obtaining the license, given the then current market demand in the city for licenses of that type, the city shall advertise the availability of the license for a reasonable period of time and shall auction the license off openly or through sealed written bids to the highest bidder. However the successful bidder must qualify under section 5-18 in order to obtain a license. If more than one (1) license of a particular class has been available for issuance consistent with the numerical limitations under section 5-16 for a period of three (3) months without an application having been made for a license of that class, there shall arise a rebuttable presumption that the market demand for licenses of that class does not exceed the number of licenses of that class available for issuance.
- (b) A license shall authorize the carrying on of activity pursuant to its authority only with regard to licensed premises at one (1) particular location except to the extent allowed under section 5-18. However, this subsection shall not be construed as prohibiting the periodic expansion and contraction of licensed premises at a particular location as the occasion demands, such as when, for example, a motel licensee dispenses alcoholic beverages at a public assembly room within the motel during a convention or other special activity, when otherwise such room is not ordinarily used for the service or consumption of alcoholic beverages.
- (c) When the city annexes territory which contains an establishment which was licensed by the county to sell alcoholic beverages at retail immediately prior to the annexation, the city will issue to its owner a city license to sell alcoholic beverages, without regard to subsection (a) and even though one (1) of the numerical limitations on licensed imposed by section 5-16 is exceeded, or a prior condition or excess licenses under that section is aggravated as a result of the issuance of the license under this section. Unless the city council lays down a special rule at the time of annexation whereby the new city license shall carry the same restrictions and terms as the old county license, the new city license issued under this subsection shall be as similar to the prior county license as may be obtained under the then existing categories of city licenses. A license issued under this subsection shall thereafter be counted as one (1) of the licenses subject to the numerical limitation imposed by section 5-16, so

that, for example, if the issuance of a license under this subsection causes one (1) of the numerical limitations imposed by section 5-16 to be exceeded, the license issued under this subsection will be counted against future population growth in determining when an additional license is available for issuance under the formula set forth in section 5-16. It is the intent to this subsection that no county licensee shall lose a license to sell alcoholic beverages simply because the licensee is annexed to the city, but that city licenses which have county license ancestors over a period of time shall be treated the same as all other licenses for purposes of section 5-16 numerical limitations. This subsection shall apply retroactively as well as prospectively, except that as a one-time exception it shall not be construed to bar the issuance of any additional licenses which became available under section 5-16 after January 1, 1990, and before January 1, 1992, under the ordinance then in effect.
